

[Simple Voice Chat](#)

- Allows you to speak with friends on the server. Setup and config with V.

[Sophisticated Backpacks](#)

- Backpacks with upgradability. :)

[Waystones](#)

- Teleportation points that take xp to use.

[End Portal Fragments](#)

- Each eye of ender is made differently to prevent speedrunning.

[FreeCam](#)

- Lets you have a detachable “camera”. Enable with F4.

[AtomicStryker's Infernal Mobs](#)

- Mobs may sometimes spawn with “*superpowers*” (enchants), better armor/weapons, and more health. Drop 4x the experience points and a random enchanted item if you manage to kill them.

[Just Zoom](#)

- Gives you the ability to zoom in (like a spyglass) by pressing Z.

[Dungeons and Taverns](#) & [Epic Structures: Dungeons](#)

- Adds numerous dungeons and structures with amazing loot for you to clear.
Good luck!

[Just Block Shapes](#)

- Completes the vanilla building palette with 365+ missing block shape variants.

[EnchantOnce](#)

- Some enchantment fixes like fixed XP costs, enchant extraction, and more, all using vanilla mechanics.

The rest are all library mods or dependencies.
